Dear Author Prof/Dr/Mrs, Fredella Colline

We will publish your manuscript, but please reduce the similarity percentage with other articles. We have checked through the Turnitin similarity tool, and we still get 36% similarity after the revision process. This is the last step; after reaching 25%, we will publish this article in the financial and banking journal SINTA 2.

One way to reduce this percentage can be done by changing the phrase of the sentence.

Thank you, if you have any questions don't hesitate to ask us

Best regards
editor
