Dear Wani Devita Gunardi
Thank you for submitting your article entitled: **"Microbial Coinfection of COVID-19 and Therapeutic Implications: Literature Review"**

After checking for the initial review, we found a lot of similarities in your article (55%). We attached the similarity report below. Here are some suggestions for your article:

1. Please edit or re-write some of your paragraphs to decrease the similarity score. Our Journal accepts similarity scores below 25%
2. Please fulfill the ICJME author form (See attachment below)
3. Please fulfill the author contribution form (See attachment below)
4. We detected 156 critical grammatical errors based on our proofreading application, please revise
5. Please sort keywords alphabetically
6. In the Drugs for Covid-19 treatment section, there is the sentence "According to Venu Madhav Konala (2020), COVID-19 is different with influenza. Vaccines for influenza is available, but not for COVID-19." What about the COVID-19 vaccine currently being given to the public? It is recommended to correct or clarify the sentence. Please also add a brief description of the mechanism of action of the COVID-19 vaccine.

Kindly return the document revision within **5 days (November 14th, 2022)**
