EVALUATION ARTICLE JURNAL RISET BISNIS

VOLUME 7 NO. 1

REVIEW FORM

No	:
Title	: Pengaruh Literasi Keuangan Dan Faktor Lainnya Terhadap Niat Masyarakat Menggunakan Pinjaman Online

Please give the assessment of the article.

No	Indicator/Question	Comment
1	Originality: Does the paper contain new and significant information adequate to justify publication?	The information presented in this article is neither particularly new nor significant. However, this research examines various variables that are determining factors in people's intention to use online loans, which not many researchers have previously done all at once.
2	Relationship to Literature Does the paper demonstrate an adequate understanding of the relevant literature in the field and cite an appropriate range of literature sources? Is any significant work ignored?	The literature used in this research is still lacking. Doesn't convey much relevant previous research. Please add more appropriate literature to strengthen your theory and hypothesis.
3	Methodology: Is the paper's argument built on an appropriate base of theory, concepts, or other ideas? Has the research or equivalent intellectual work on which the paper is based been well designed? Are the methods employed appropriate?	The methodology used in this research is quite good and strong.
4	Results: Are results presented clearly and analysed appropriately?	Yes. This research clearly stated the result.
5	Implications for research, practice and/or society: Does the paper identify clearly any implications for research, practice and/or society?	Yes. The implications of this research are clearly addressed to the government and the financial regulations maker as a consideration for them in increasing financial inclusion.
6	Quality of Communication: Does the paper clearly express its case, measured against the technical language of the field and the expected knowledge of the journal's readership? Has attention been paid to the clarity of expression and readability, such as sentence structure, jargon use, acronyms, etc.	The researcher presents this article clearly and easily understood. The research objectives were answered well and proven with sufficient data.
