ISIEM 2018 - IOP Acceptance ISIEM 2018 x

Dear Oki,

Thank you for your patience in waiting for the result of IOP process. As you are aware, we publish our ISIEM papers in cooperation with IOP. Shortly after the ISIEM 11th Seminar in November 2018, we submitted all accepted papers to IOP for further evaluation to be internationally published. Beyond our expectation, this time IOP took much longer time in giving us the result of their evaluation.

Herewith we would like to inform you that your paper is already accepted for international publication, but IOP still needs some time to finish-up some housekeeping matters.

Thank you for your patience and kind cooperation.
